Calling Wildflower Lovers & Home Educators....Would you like to help make Presteigne's grass verges a flowery haven to attract bees, butterflies and other pollinating insects? A group of Presteigne residents would like to encourage a new generation of wildflower fans. Discussion with Powys CC is ongoing, but a map has been produced showing some areas designated to be cut later than usual to allow wild flowers to seed and multiply. This will provide food for and encourage the bees, butterflies and other beneficial insects vital to pollinate the food that we ourselves eat. You could get to know your wildflowers better by looking for 20 wild flowers to be found in the grass verges below the Warden, using this Wildflower Verges flier and map. Info: felt@cooptel.net

(Ed. note - great to see that the Powys grass cutting team has been really sensitive and carefully avoided all the wild flowers along the ERDC end of the bypass that we mentioned in earlier Community News. Well done to everyone who may have had a hand in this !)

...from Emily George in Norton. Dance Party tomorrow!! So the weather looks like it may be okay for our dance party, so I'll be on Millbank Green at about 2:30-3pm, hope you can all join me!!

...from The Sixteen. Like every musician, our singers are missing the joy of performing with each other and for an audience. In an effort to bring us all a little closer together, we hope you enjoy our virtual performance of Sheppard's Libera Nos, the text of which has a particular resonance and poignancy at the moment. Recorded at home by every member of the choir and conducted by Harry Christophers, it reminds us that no matter where we are, music is always with us, continuing to uplift and provide peace and hope in these testing times. To hear more about the project, why the Sheppard means so much to The Sixteen and more, head on over to Scala Radio for an online interview with Harry Christophers: <https://planetradio.co.uk/scala-radio/> (With thanks to CDC Films - www.cdcfilms.co.uk)

...from Broadsheep. Time on your hands? Do you fancy writing for Broad Sheep? OTHER INFORMATION

Are you are running out of greetings cards ? Ruth Kirkby still has some of her beautiful botanical cards left (blank inside) which are on sale from the front of her house in aid of NHS charities. Suggested donation of £2 each. Also some plants. Use your exercise time by taking the lovely stroll over the old Lugg Bridge to the fourth house on the right. ...from PCC. Household waste and recycling centres (HWRC) in Powys are due to reopen, with significant restrictions, from Tuesday 26 May. In conjunction with our contractors, Potter Group, all Welsh local authorities and Welsh Government, HWRCs across Powys will open for essential use only. This essential use is for residents who have accumulated waste which cannot be collected through the normal kerbside collection service and which cannot be stored safely at home until the lockdown

restrictions are eased. Non-essential use puts yourself, other members of the public and our staff at risk from spreading the virus. It is very important that residents check the website for up-to-date information and familiarise themselves with the restrictions in place at the HWRC before traveling.” Read more: <https://crowd.in/7QeMZ5>

...from Presteigne Freegle. We'll be open for freegling again on the 26th May. The re-opening of the Presteigne group was linked to the re-opening of the HWRCs by PCC (Herefordshire and Shropshire have reopened already). So, if you have taken the opportunity of lockdown to tidy the kids' bedrooms, the garage, the attic and the garden shed, and are now wondering what to do with all the stuff you no longer need, you'll be pleased to see this announcement. We know freegling will be immensely useful right now, and [government advice](#) is to use online platforms such as ours rather than go to tips or recycling centres. You can offer stuff now, we'll keep your posts 'on hold', and then let members know about them on the 26th. That way you can still declutter while you're stuck at home over the next couple of weeks. We do not want to encourage unnecessary travel and we'd like everyone to stay safe - so we'll be sending out an Admin message before the 26th with updated COVID-19 guidelines for freegling.
