**...from Absolute Arborists about The Radnorshire Arms.** So with controversial views it was time for the mature Grandes Fir to be removed at the Radnorshire Arms. This tree was always some what of a spectacle, as it was rather large and glorious sitting in its surroundings. But many a time as I enjoyed a bev or ten, many a resident of Radnorshire would drill it home to me that the tree took too much sun from the afternoon session. I would always decline that fact as it was a beauty. But unfortunately due to its age and condition it declined rather quickly and was no longer deemed safe nor suitable to the public. So without portraying an act of vanity we were asked to remove it to a stump, where it can then be carved into a feature for us all to continue to enjoy. #absolutearborists #bwyllwycymru #coedcymru

Hold Still will capture a snapshot of the people of the UK at this time, creating a collective portrait of our nation which will reflect resilience and bravery, humour and sadness, creativity and kindness, human tragedy and hope as we hold still for the good of others, and celebrate those who have continued so we can stay safe. You are invited to submit your own photographic portrait, taken during these extraordinary times, which responds to one of the following themes:

\* Helpers and Heroes \* Your New Normal \* Acts of Kindness.

One hundred shortlisted portraits will feature in a virtual exhibition on the Gallery's website and a selection of images will also be shown across the UK later in the year. The project is completely free and open to all ages and abilities. Images must involve people, and can be captured on phones or cameras. Each image will be assessed on the emotion and experience it conveys rather than its photographic quality or technical expertise.

The closing date for submissions is the 18 June 2020. Don't forget to share your images with us on social media #HoldStill2020
