**Have you signed up to the Zoë Covid Symptom Support Study?** Please join the over 4 million people in the UK who are reporting daily to aid national efforts to track the evolution of the C-19 virus and help the UK keep tabs on the epidemic, and identify and understand where infection rates are increasing, or declining. As well as providing critical anonymous data to identify outbreaks and help direct testing, the study also gives you information on cases - daily and active - in your area. Please download the (free) Zoë app today onto your phone, tablet or computer from both Google Play and the Apple App Store, and encourage friends and family to do the same. Thank you.

On the 4th October, I will run the London Marathon 40th Race virtually around my local area, which will be tracked and recorded by the event holders. Then I will also run another marathon in London with the crowds and atmosphere with a guaranteed place in October 2021 or April 2022, this is awarded in ballot form which will be allocated later this year. I'm fundraising for two charities special to me. Macmillan, who believe no one should face cancer alone and Coeliac Uk, who help people with Coeliacs disease, which I have had since birth. I feel truly honoured to be able to run for these charities. If you could spare a small donation, the links are below. Thank you! If you see me out running, please feel free to wave or hoot your support!  
Thank you, Paula

**...from Powys Teaching Health Board.** Flu vaccination from your GP is different this year

2020 has been a very different year than we are used to. We have all had to make changes to the way we live. As we come into Autumn it is time to think about the dangers of Flu as well as COVID-19. The Flu vaccine will shortly be available but there will be a few differences to the way it is delivered at your GP this year. Each GP practice will be posting specific information about how you can access the vaccine on their websites (*ed. see the Presteigne Surgery website [www.presteignemedicalcentre.com](http://www.presteignemedicalcentre.com)*), but the general guidance is:

\*Vaccines will be by appointment only, please check your practice website for your details. Some practices may contact you via text or phone \*There will be NO DROP-IN CLINICS this year \*Please attend at the time given; it is essential you do not arrive early or late. \*Please wear appropriate clothing so that the vaccine can be given in your upper arm easily \*It is essential that you wear a 3-layer face covering to attend your appointment \*Please do not attend if you or a close contact has symptoms or have had recent contact with a suspected/confirmed case of COVID-19 \*Please come alone unless you need the support of a carer \*You may be expected to stand in a queue for a short time, which could be outside. If you are not able to do so please let the practice know when they book your appointment \*Please do not bring unnecessary bags etc. \*Understand the toilet facilities will not be available \*Understand the clinics are for flu only, and please don't ask for other advice during your appointment \*Primary School children will be vaccinated in school as normal and will be contacted by the school or school nurse \*Entrance and exits may be different from usual, and will be marked clearly.

From September, the following people are eligible for a Flu vaccine from their GP:

\*Children aged 2 to 4 (if not receiving vaccine in nursery) \*People aged 65 and over \*People from 6 months of age with long term health conditions \*Adults with a BMI of 40 or above \*Unpaid Carer \*Pregnant Women \*People with a Learning Disability

**...from Presteigne Freegle.** How well do you know what's changes are planned to the Highway Code? Try this quick Road Safety Quiz <https://www.bbc.co.uk/news/world-54027461>. The government wants us to walk and cycle more to keep fit and help the environment. ...[See more](#)

**...a forwarded post from Facebook about (*ed. assumed genuine but can't be certain*) Dog snatching.** "Dear all, police have made Clun dog owners aware that they have just arrested a person in Ludlow with 24 stolen dogs in a van, all taken from private homes. Possibly part of a bigger circle of people taking dogs for re- sale on black market or worse! It doesn't bear thinking about.....! Please, I have been asked to spread this news quickly so pass on! A cable tie is often used put around the gate to indicate a potential dog for snatching, also chalk marks on doors, to be aware of these and anyone taking interest in your dog."

*(ed. and there's a further FB report of two dogs - cocker bitches - stolen from kennels just outside Titley - so much closer to home - be aware !!)*

**...from Hereford CC about changes at the HWRCs.** The pre-booked system (*ed. already in force at Kington HWRC*) will be introduced for Hereford and Leominster household recycling centres on Monday 14 September, with residents able to book their slots online from Friday 4 September. Residents who are unable to access the booking system online can call the customer services team at the council on 01432 260000 who will be able to book a slot for them. Due to COVID-19 restrictions, a limited number of residents are allowed on site at any one time. This has caused traffic congestion around the Hereford site in Rotherwas and Bridge Street in Leominster. It is hoped that the booking system will prevent queues leading up to the sites. The household recycling centres are only open to Herefordshire residents, and appointments must be booked online in advance. Residents will be able to book up to four slots every two weeks and will receive a pass before visiting. An address and vehicle registration number will be needed to secure the booking.

**...from Recycle Now.** The single-use pods used in many coffee machines are not usually accepted in your recycling collections from home. However, some types/brands of coffee pods (and other difficult-to-recycle items) are collected by a company called TerraCycle. Some coffee pods are made from compostable plastic. If it is labelled as simply compostable then local authorities may collect them through garden or food waste collections if their processes are appropriate. Always check with your local authority <https://bit.ly/2l3ltFy>

**...from Little Peoples Playgroup.** Check out if you are able to get tax free help with childcare payments as a working parent: <https://www.gov.uk/get-tax-free-childcare>

**...ref Road Closures.** if you're used to taking the A4110 (past Luctonians) to Hereford, please remember ROAD CLOSURES at LAWTON'S CROSS crossroads 24TH AUGUST TO 30TH OCTOBER - There are road improvements and a mini roundabout being installed so A4110 and B4529 will be closed in stages with diversion routes from 24th August - 30th October. Details and maps below and on our website here <https://bit.ly/2EaoHHC>.

**...from Bryony Cullum, seeking information about William Henry Jones 1856-1923.** The Judge's Lodgings are hoping to put on an exhibition of my grandfather's art work when they open next spring. Grandfather, William Henry Jones, according to the 1881 census was looking after his uncle's house, Stonecote in Presteigne and was a landscape artist. I have inherited a collection of sketches of the Marches area, mostly done in holiday time, and a few watercolours and oil paintings. They are of museum quality. His picture of Broad Street was used by Mr Keith Parker on the front cover of his 'A History of Presteigne' as by an unknown artist. WHJ was a prolific artist. He monogrammed nearly all his work in a bottom corner WHJ. It would be great to know of any other pictures or sketches. On leaving Presteigne he had a connection with the Cathedral School in Hereford and tutored the Bishop's daughters. He gained a reference from him to become the Principal of a school in Torquay. Did he teach in the school in Presteigne? As he died 16 years before I was born I am mystified about many aspects of his life. I should like to find out who the Mr Kinsey was who owned Stonecote in the late 1870's and early 1880's, My middle aunt was Helen Kinsey Jones. How did the connection come about between Jones and Kinsey? Grand mother's maiden name was Warner. I should be very pleased if anyone has information about William Henry Jones or his work or advice on how to do further research to be in touch with me. I have been to the records office in Hereford. They wish to have the sketches when there are no more members of the family. Contact. [bryonycullum@gmail.com](mailto:bryonycullum@gmail.com) tel. 01568 760558. Thank you.
