Issue 263 July 2021

*The Community News is an information service from PACDG - the Presteigne Area Community Development Group -  
"Working Together For Our Community"*

**email [news@pacdg.org](mailto:news@pacdg.org) to contact the Editor**

- if you have any questions on what's happening - or not happening - in our community, do let us know and we'll do our best to provide an answer, or at least point you in the right direction - email the Editor
  - **please email if you see or hear of anything that will be of help to other residents, including local area jobs**
  - if you need assistance in any way, email us and we'll pass on your message to people who can help.
- ...AND IF YOU NEED TO CHECK BACK ON PAST ISSUES FOR INFORMATION, YOU CAN SEE THESE (along with lots of other good information) ON THE TOWN WEBSITE [www.presteigne.org.uk/calendar](http://www.presteigne.org.uk/calendar)**

*[ed. there was some chat around town last week following on from a blue badge holder being ticketed for parking in the centre of Presteigne. The official guidance says this, about which many badge holders may not be aware ... "Badge holders may park on single or double yellow lines for up to 3 hours, but in general **NOT** where there are restrictions on loading or unloading – indicated by yellow kerb dashes and/or signs on plates."]*

**...ACE have promised that the overflowing drinks & food carton recycling bins will be emptied this week - fingers crossed !** We do monitor them and give reminders for emptying but obviously something has gone wrong this month. We've been reminded however that bin capacity is more than doubled if everyone would first flatten their cartons before putting them in the bins. Thank you for your patience.

**...from the Co-op. You can now recycle your soft plastics** at many Co-op stores - 1,500 Co-op stores already across the country and we're aiming to offer this service at another 800 of our stores by the end of 2021. Soft plastics are lightweight plastics that often cannot be placed in recycling bins at home. Think plastic film lids on yoghurt pots, soft fruit punnets and ready meals, as well as plastic crisp packets, pasta bags and chocolate or biscuit wrappers, carrier bags. What they're NOT are plastic bottles, tubs, pots, trays and caps. If you're not sure, a simple test is to scrunch it up and if it pings back, it's a useful indicator it's soft plastic. We can all do our bit for the environment <https://coop.uk/3hNUeji>

*[ed. Brilliant news !!! from the Co-op website it looks as if this is available NOW at Kington Co-op, but not until later this year at Knighton Co-op. Let us know how this works for you].*

**...from Delphine at the St. Michael's Hospice Shop.** We urgently need more volunteers at the shop in Presteigne. We are currently open 9.30-1.00 each day apart from Tuesdays and Fridays when we are open till 4 o'clock. Shifts are half a day, mainly sorting and pricing donations, but occasionally working the till for which training would be given. COVID procedures are in place. If you are interested, please call Delphine on 01544 267564 or Roz Casson on 01544 260843; or call into the shop for an application form (two referees are needed in each case).

**...a team of eight Guerrilla Gardeners worked at the Ligné Garden,** Went's Meadow on Wednesday. It is already looking tidier and we will be back there again next week. Going to keep it natural, not manicured, so there will be borage and other naturally self seeding plants. Lovely red rambling rose, clematis, honeysuckle and other gems hidden in the overgrown greenery. Interested to join the GGS ? Call Sarah 01544 267605 or Annette 01544 260151

**...from Presteigne Cricket Club.** Firstly sorry for lack of updates and posts recently. Secondly Presteigne had a fantastic win over the weekend against Colwall CC. Hoping for another win we will be playing Knighton-on-Teme this Saturday 17th July 1pm at John Beddoes school field. Supporters are always welcome. Match kindly sponsored by Weobley Ash Meats & Farm Shop.

**...from Arrowfield Vets.** Covid update. Here at Arrowfield we remain committed to providing all our clients and their animals with as high a level of care as possible during the continuing changes brought about by the Covid pandemic. Because we are such a youthful bunch(!) many of the team had had to wait until now to begin to receive their vaccinations. This means that our team's vulnerability remains high to having a significant number affected by either illness or isolation. In fact, this risk is probably higher now than ever with the rapidly growing cases caused by the highly infectious Delta variant and the proposed further easing of restrictions. As such, we have taken the decision to continuing working in the same Covid safe way that we have established over the last year until this situation changes. Almost certainly this will be through into September. Sadly it also includes not allowing entry to the building for our clients. We do understand that many of you may be disappointed with still not being able to accompany your pets into the practice and having to talk to us outside in the carpark. Please do be reassured that actually, the vast majority of our patients have coped really well with this - much better than many of us might of imagined! In addition we would ask that both farm and pet clients continue to phone in for medication and food orders. Medications for farm clients will continue to be placed for collection in the box outside the farm entrance. We really hope that you will understand our decisions and continue to support us in this way. We strongly feel that it's the best way to protect our service to you all in the coming months. Please do otherwise enjoy the increasing freedom from restrictions this summer with responsible care and keep safe! Thanks, <https://www.facebook.com/arrowfieldvetskington>
