## **How can you take part in Clap For Our Carers?**

The idea behind this campaign is to show our appreciation for doctors, nurses, GPs and every other NHS and other critical workers during the ongoing COVID-19 pandemic, through a nationwide round of applause taking place on Thursday 26 March at 8pm (tonight !)

The Clap For Our Carers campaign poster reads: "During these unprecedented times they need to know that we are grateful. Please join us on 26th March at 8pm for a big applause (from front doors, garden, balcony, windows, living rooms, etc) to show all nurses, doctors, GPs and carers our appreciation for their ongoing hard work and fight against the virus. Please share this message, so we can make sure the word spreads and reaches all to join!"

Make sure to keep a safe distance from other people. People are being encouraged to live stream their participation on 26 March on social media channels.

## **SCAM WARNINGS**

**...a friend has relayed a warning from a police colleague that there are WhatsApp update scam texts doing the rounds.** With the increased usage of Neighbours WhatsApp groups, this was perhaps inevitable. So, if you receive a text purporting to come from WhatsApp inviting you to upgrade, receive a 'loyalty' reward, or threatening account suspension unless... - **ignore and delete !**

**...and this from PCC.** Although there is a huge amount of community spirit and camaraderie at this time, scammers have been known to take advantage of this and knock at your door claiming to offer help.

Some individuals are posing as door-to-door coronavirus testers or from the Centre Disease Control wanting to ask questions, in order to gain entry to people's homes. Nobody, and specifically not the NHS nor the police, are conducting such tests or questionnaire. If anyone attends your property and claims to be conducting such tests, please call the police on 999.

Other scams involve phishing emails from people pretending to be a trustworthy organisation. Please be aware of various emails containing links which then prompt you to divulge personal information such as login details, bank details, etc - NEVER give these details out, however legitimate the email may seem.

Remember:

- DON'T click on links from email sources you don't know - this could result in a virus being download onto your computer or device.
- WATCH OUT for emails claiming to be from the Centre for Disease Control and Prevention (CDC) or experts saying they have information about the virus.
- Ignore online offers for vaccinations - these are false.
- Do your homework when it comes to giving donations, whether through charities or crowdfunding sites. Don't let anyone rush you into making a donation. If someone wants a donation in cash, by gift card, or by bank/money transfer, don't do it.
- Emails claiming to be from the government offering tax rebates to support people throughout these unprecedented times are doing the rounds, the Chartered Trading Standards Institute (CTSI) has confirmed. The emails, which look official, inform the recipient of the rebate amount and request they click a link to receive it. Recipients are then asked personal details, including their credit card number and address. These details allow the scammer to take money directly from the recipient's bank account.
- There are also reports of several 'coronavirus update' apps, which claim to provide updates on the virus. These fake apps contains a form of 'ransomware', named CovidLock, which upon downloading, locks the phone and displays a message demanding that the user pay a sum of money to unlock it. These apps are available to download from various unofficial websites. Phone/tablet users are advised to ONLY download apps directly from the Apple Store, or Android Play Store as these are safety-checked by the platforms.

**...from Norton Show Committee.** It's with a heavy heart that we have made the decision to not go a head with Norton Show this year. We know that all the charities that we support will desperately need the help, but under the current restrictions in place it would be foolhardy to continue with planning. Wishing you all the very best. Stay safe and healthy. Hope to see you all soon. Dan, Deb & the committee

**When you handle your rubbish/recycling collection bins after they've been emptied .... WASH YOUR HANDS THOROUGHLY !!** The bin men are handling a lot of bins and taking precautions with gloves etc....but you will still need to be careful... Good advice.

**If you, or a neighbour, needs one of the recently-issued Community Volunteer Support leaflets** detailing how to get support in thus crisis, and summarising services provided by local shops and businesses, three leaflet dispensers have been installed - one on the PACDG noticeboard by Spar - one by the Lloyds Bank ATM - and one on the big Norton noticeboard by Corte Cottage

**A local accountant has provided this information summary for anyone here running a small business or who is self-employed.** "There have been some huge announcements over the past week and I now want to provide you with a summary on some of the key areas and how to claim. These measures are new and getting the systems in place will take time so you will need to plan your business cashflow carefully. There has been up until now a lack of government support for the self-employed but we expect a government support package for the self-employed will be announced shortly" *(thanks to Elsa Jones for this)*

You should talk to your own accountant about what you may be entitled to and the process of applying for it.

**A message from Anna, Presteigne PCSO, relaying the Dyfed Powys Police Neighbourhood Policing Teams NPT patrol plans.** 'In response to the situation, we are adapting our current patrol plans, and targeting them in line with the UK Government guidelines. Daily patrols will be conducted and will include key locations such as supermarkets, food shops, pharmacies, parks, GP surgeries, and petrol stations/shops. Obviously our staff and the public's health is paramount, therefore they'll be practicing social distancing guidelines (2m rule) with people wherever possible. Officers will also have their Personal Protective Equipment for use when appropriate. Dynamic patrols aimed at engaging with, and where appropriate challenging, gatherings of more than two people will also take place at areas known to be associated with ASB, and local parks where open etc. Expect to hear from your NPT's during this time".

**...and finally**

- **a message posted by Clare (echoed by everyone I guess !)** *"And finally for this morning before I get stuck in to work, a shout-out for our amazing shopkeepers on Presteigne High Street who are working so hard to keep the residents supplied with the essentials for daily living, both via the food shops, minimarts and pharmacy and through an increasing number of delivery services for those who are self-isolating. It's fantastic!"*
- **and from Beverley.** *"To all Presteigne & Norton residents I would like to say thank you for being sensible and staying at home as much as possible. Most of us are lucky in that we have at least a small garden to sit in and enjoy the sunshine. I apologise for being a little quiet this last week or so but I have been busy expanding & enhancing the East Radnor Home Support, which I'm very proud of and would like to take this moment to thank the staff that are working for me at this very difficult time. We're all in this together and I think it proves what a wonderful community we live in with all the WhatsApp groups that have been set up between neighbours, people offering to help & volunteer. We have a small group of volunteers doing a super job behind the scenes in town. Thank you. If you need anything at all please drop me an email as it's the easiest way to get me [cllr.beverley.baynham@powys.gov.uk](mailto:cllr.beverley.baynham@powys.gov.uk). Seriously, thank you to you all. We can do this. Stay safe."*
